Dear Scot Donaghy,

You are a mortgage saver as well as a life saver. I had a tenant of 5 years recently move out of my rental home. When she quickly moved out she backed into my garage and left a whole in my garage ceiling and bent the frame of the house. I called him and he came out and gave me an estimate. He was able to see some damage that the untrained eye missed.

He quickly repaired the home at a reasonable price and sorry to say he made the damaged area look better than the rest of the home. This was a great because I can get it rented out with no problem. The paint, the sheetrock, and the garage floor were in perfect condition.

I would not hesitate to refer someone to Scot when they need to have their home repairs done. Not only was it done right, but I was very pleased with the results. Thanks again Scot because I did not want to pay 2 mortgages.
