Dear John,

I want to thank you for all of the help that you and Origin Title have provided my clients over the past 7+ years. I have found you to be flexible, professional, and always willing to tackle even the most difficult title matters. You have helped me often with attorney-related matters that I wasn't even able to direct your way and you always provide helpful, solid advice!

Given the ability to direct business your way, I never hesitate to do so and always have confidence that you and your office will provide an excellent client experience. Thank you for your excellent partnership over the years!
