Linda,

I want to take this opportunity to thank you all of your assistance with our Gentleman's pampering session that you recently provided.

When I initially inquired about some Mary Kay products you provided great explanation and offered to hold a session on how it should be properly used. With that, I invited some other gentleman to the session and we had your first Men's Night Out.

I was very surprised with the products you showed us and some of the immediate results that were seen by all three (3) of us. Not only did you show us how to apply each of the items, you even provided a nice warm towel to help refresh our faces ☺

At the end we all were impressed not only with Mary Kay and what they had to offer men through their product line, but how you made us feel comfortable going through all of the steps. I look forward to when I have to purchase more items through you and would recommend both men and women to have a sit down with you.

Thank you for the great experience.

Wishing you all the best,

David Machost
