There are many words I could use to describe Jamie Arion , but the one that comes to mind first is committed. Jamie is committed to a lifestyle of healthy living. Jamie is committed to helping others do the same as well. 28 years in the wellness industry and 13 years with AdvoCare are further testaments to her commitment.

As a fellow power core team member, I've had the pleasure of interacting with this dynamo every Tuesday morning at 7 am since October 2015. Watching her seemingly endless supply of energy and support of the team is empowering! I have grown to love her 7 minute presentations. She always has great handouts full of easy tips and useful information to be shared.

As a customer I have access to the wealth of knowledge that is Jamie Arion! She is responsive and always encouraging. Jamie possesses an endearing spirit that draws you in.

Jamie exemplifies the phrase "tell don't sell". I love working with her. You will too! I guarantee it!
