Dear Diana Crawford:

I wanted to take a moment to thank you. I am continually amazed at the work you, and your staff, do for others. After struggling with the choice of CPAs for (let's face it) years, I chose to give my life to you last year. A choice I have never regretted.

While I am astounded with your knowledge, practical application, thoroughness, creativity, etc. that doesn't even begin to scratch the surface of who you are. Recently I found myself in a situation where I needed my records quickly; of course I did not have access to them at that time. You made sure to go out of your way, as did Duby, to make sure I had what I needed and sent it where it needed to be. The importance you and your team place on relationships is AMAZING.

One often hears of the accountant and/or CPA who only touches base with their client once or twice per year. This is not the case at Crawford & Merritt. You communicate and make sure there are no unfortunate surprises. Also, you have the gift of translation. You channel your knowledge and offer understanding to the common man. I cannot thank you enough. You have a client for life.

Sincerely,

Geoffrey Horney
