Snellville, GA 30078

Dear Geoffrey,

In over my head, is the only way I can describe the feeling I had when the delivery men brought in five extremely large and heavy boxes. These boxes were the pieces to my brand-new makeup vanity which, up until this time, I planned on assembling myself. It was certainly a shock and a wake-up call. However, this piece of equipment was very important and one that I needed in a relatively short amount of time. There was no way I would be able to assemble it myself.

You had already been working at my business doing necessary electrical work to get my space up and running when I asked for help. Though you were busy you had one of your employees, Micky, bless him, work to assemble the vanity. He worked tirelessly for two whole days to get it together. He had it ready in time for the two clients I had coming in that weekend. Not only did you all sort out the electrical work and vanity but also did the muddy plumbing work I needed in order to get my business functioning in time for my move in dead line.

Thank you so much for all the hard work and time you put into helping make my business beautiful and functional. The dimmable chandelier in the treatment room not only sets the ambiance for the treatment but is also a conversation piece. The makeup vanity is stunning and has been in use since its assembly, and the sink in the treatment room works perfectly allowing me to provide a great experience for my clients. I truly appreciate your time and talent in making my business operate optimally.

With Sincere Thanks,

Jamecia Bowers
