Dear Robert,

This letter is to extend my highest endorsement to **PEAK PRINTING** and to you for always providing your highest standard of customer service! I am continually impressed by the level of your commitment to your clients like myself and always being dedicated to excellent Customer Service.

You have demonstrated on many occasions that even though I have been "last minute" on getting my printing needs to you, it's clear that you prioritize your clients' needs above all else. In fact, my last card I wanted accomplished to advertise National Lipstick Day for an Event I am doing next Tuesday, I texted you just "1" hour ahead of time and then asked you to deliver it to Rachel and you made it happen! And, I was not surprised even though it did not arrive to you in the correct format.

Thank You also Robert, for being a wonderful supporter of me and my Mary Kay business. You generously purchase my Mary Kay products so I can create gifts for your family and for Katie, who works for you. Thank You also for being a client of my MK Men's Skin Care. One of the things I am most grateful for is you introducing Lauren, your wife, to me! She is an Amazing person!

I will continue to recommend you and **PEAK PRINTING** for your exceptional service to others. Your ability to relate to any person who crosses your path is such a gift. I continue to be grateful for your service and look forward to continuing doing business with you!

Warm Regards,

*Jacquie E. Streever*
