Mr. Hector Lopez  
Lopez Construction

Dear Hector,

This letter is to sincerely thank you on behalf of Tammi and myself for the work you completed on the complete remodel of our kitchen and master bathroom. Your team was spectacular, and we especially appreciated the personal given by you and Octavia. We absolutely could not be more pleased!

Tammi loves everything and even all these months later will occasionally walk by the cabinets, or tile and glass shower, or the backsplash and comment about how much she loves it! That is high praise, brother! She never once has said, "I wish we'd done this differently"! That's unbelievable!

Thank you so much for the work you and your team did making my wife happy! I'll be forever grateful!

With tremendous gratitude,

Len Nelms, CPA
