To Whom it May Concern:

I want to give a shout out to Jacque Streever. She is the embodiment of Servant Leadership and is creative in coming up with gift solutions, gracious and such a positive person!

I rejoined Powercore after a 20 year hiatus and new career. Jacque immediately made me feel welcome. Every week she comes prepared with interesting ideas of how to use MaryKay as a gift. What is nice is that these gifts are very affordable, and they are personable.

I highly recommend working with Jacque if you are looking for interesting gift ideas or you just want a makeover!
