

Flood & Flame Restoration

To Whom it May Concern:

I wanted to give a shout out to Bruce. I sat next to him at a Powercore meeting that he was visiting, and coincidentally he was able to help me with finding health insurance for the employees of Flood & Flame Restoration quickly and that was affordable.

I had been procrastinating looking for health insurance because my experience was that it was too expensive and cost prohibitive. I was pleasantly surprised to find it was not only affordable but also great coverage.

What made the experience even better is Bruce's responsiveness. He is awesome.

I highly recommend Bruce if you are looking for health insurance!
