RE: Jonathan Lyons with CBC Mortgage:

Every time I speak with someone about insurance, I check to see if they're paying too much on their mortgage. If I think I can save them money or years, I refer them to Jonathan.

Getting a good interest rate is just the beginning. An experienced professional like Jonathan makes sure it's locked in and you close on time.

He is incredibly honest and ethical, goal-oriented without being pushy. He sees things through his clients' eyes and does what's best for them. That's why I've been recommending Jonathan for more than a decade.

Do yourself a favor and refer your family, friends and clients to Jonathan. They will be glad you did.
