Dear PowerCore,

In our professional network we are all familiar with a 3-way email. This is a 3-way Endorsement letter. The real estate sphere on our NorthPoint PowerCore team is great.

Our son, Curt, was in the market for a house.

Karen Baxter on our mortgage seat worked many months with him to get the best loan for his situation. Kelly Vandever, our realtor, worked to get Curt the best deal for as a first home buyer. When the "deal" seemed to fall through, Karen and Kelly were able to put it back together.

Finally, David Machost was able to get Curt covered for his new home in a smooth and quick way.

Without their efforts Curt would not have been able to buy a house in this crazy real estate market.

Thank you, Karen, Kelly, and David!

Regards,

Curtis Turner
