Dear Keith,

I wanted to thank you for taking such good care of the clients that you have represented for me. You are helping guide a diverse group of individuals from small business owners, families and retirees. I appreciate that you are helping them navigate an increasingly difficult tax world. The fact that you cover such a broad range of individuals is impressive and allows me to know that you have the skills and experience to care of them.

I have found it very easy to partner with you when I have questions and I know that they feel the same way. Many thanks for all you do!

Sincerely,

Erik Thompson
