Dear Katie,

My reason for writing you today is to let you know how much I appreciate doing business with you and the Law Office of Katherine Sparks. I had a recent client that was starting up a new business and they were having issues on who would be members of the LLC agreement. You were able to assist them and lead them in the right direction while getting the operating agreement processed so we could move forward with opening their business checking. Recently, they were in our lobby sharing how you were so helpful and very much appreciated working with you. They were so impressed with your service and assistance that they mentioned that they have referred to you some of their family members.

Katie, I am confident that when recommending my clients to the Law Office of Katherine Sparks that they all will receive the same amazing service.

Sincerely,

A handwritten signature in blue ink that reads "Amy B. Terry".
