**Letter of Endorsement**

I engaged Katie Moore to provide legal services for a business divestiture project. The work involved drafting and negotiating an asset purchase agreement, giving counsel on associated contracts, representations and warranties, providing escrow services and officiating the closing.

Katie provided exceptional service and advice throughout the project. She asked thought-provoking questions and gave valuable insights. Katie was quick to respond to requests for changes and available at short notice.

For this, I strongly recommend Katie Moore for legal services, and will definitely be contacting her for future projects.
