

**Subject: Endorsement Letter for Shelly Gibson**

14 February 2025

Recently my company, RestoPros of NW Georgia, required a business valuation to complete a financial deal in late 2024. I really didn't know where to start, since I had not had to do a valuation before. I remembered Shelly mentioning in one of her infominutes that valuations were something she can help with, so I called her. And thank goodness I did! Shelly was prompt, friendly, and responsive, and she provided exactly what I needed at a reasonable price.

I can't recommend Shelly highly enough, and I know exactly where to go (or refer) next time I need a business valuation or know someone who does. I also know that once it's time to sell my business, Shelly will be my go-to.

Thank you, Shelly, for your diligence and professionalism! You've earned my business and referrals, and I urge others to consider you when they need your services.

**Sincerely,**

**Patrick Haddock**

**Owner**
