Gerald Wessels - Real Estate Agent
Southern Classic Realtors
Gerald.wessels@gmail.com
404-263-5311

Finding our dream home was something my husband Alider and I always wanted to accomplish. Meeting Gerald Wessels helped make our dream a reality.

Gerald, your flexibility proved that you were the best person for the job. You were always available on the phone and in person. You paid close attention to details, as you listened to our needs and desires. You made certain that the details listed were available in the home before showing them to us. Your attention to details helped us find the things that were most important to us.

Gerald worked as a "detective" and took special time to be sure that everything was just right. He also explained the process very clearly for us to understand. He made seeing the homes we were interested in easier by choosing the times that were convenient for both of us, even if that meant he had to visit the home twice.

Above all Gerald stayed with us till the end to be sure that everything went smoothly, even showed up with his camera for the signing. That made us feel extra special.

We are so grateful to you. You helped turn our dream into the joy of home ownership.

We love our home. Especially the beautiful kitchen where we can now create memories with our family and dearest friends.

Your top-notch skills set you apart from other Realtors.

Thank you, Gerald, for taking us to the finish line.

Best Regards,
