Auto Sales

Dear Doug,

I can't thank you enough for your help in purchasing a new car. In the past, the experience of buying a car has been harrowing. Your extensive experience in the auto sales industry really paid off. I really love how you leveraged your relationships with the previous general manager of Mazda and got me "special treatment" by the current Mazda sales team. Not only did I get treated with respect I also saved a lot of time.

In addition to saving time you saved me over \$3,500 in cash. I will gladly recommend your services to my friends and family.
