I am writing this endorsement letter to highly recommend Robert Hamilton of Roofing Done Wright. In a time of great stress—after being unexpectedly dropped by my homeowners insurance carrier—Robert provided exceptional service and peace of mind. He promptly came to my home for a thorough, free roof inspection and utilized drone photography to capture detailed images of my roof. His professionalism and attention to detail were evident from the start.

What truly set Robert apart was the comprehensive report he provided after the inspection. It was clear, well-organized, and gave me a full understanding of my roof's condition. He took the time to explain his findings and answer my questions, ensuring I had all the information needed to make informed decisions. His honesty and expertise made a challenging situation much easier to navigate. The report was time sensitive, Robert understood that, and had the document in my email inbox within an hour.

I am grateful for his help and would not hesitate to call on him again in the future, and I would not hesitate to refer him and his business as my top choice for any roofing related matter.

Thank you!
