To Whom It May Concern,

Operating as a business since 2021, and becoming full-time in July of 2024, I had was challenged when identifying the marketing strategies to best fit my target audience on a budget. My goal was to create max exposure and engagement within my set budget.

I approached Chris about **G.M.B** (*Google My Business*) and **E.D.D.M** (*Every Door Direct Marketing*) in addition to others and explained my parameters & ideas for exposure.

When Chris and I met, the difference I noticed was that he utilized his personal resources and researched both topics providing analysis & alternatives to fit my budget without pushing for a sale or commitment.

I highly recommend working with Chris Tschantz. His industry knowledge, willingness to provide solutions based on budget and timeframe, educated me on marketing alternatives tailored for me!

Kind regards,

*Collin A. Bennett*
