ENDORSEMENT LETTER: JDog Junk Removal and Hauling

To Whom It May Concern,

Prior to joining PowerCore in 2024, I struggled to find companies that I can refer my customers to for services outside my scope of work operating with ***similar core values + work ethic***. My goal was to identify trusted referrals for my customers who will treat them properly and provide quality work!

Ben and I met through PowerCore and quickly found in our conversations, that Benjamin at JDog shared the same core values & work ethic that I present to my customers.

Following our meetings & referrals, I am confident that when I refer JDog Junk Removal & Hauling, my customers will receive the same level of treatment and service that I would provide. Operating with *Integrity, Honesty, Dependability and Exceptional Customer Care*.

I highly recommend working with Ben. His industry knowledge, level of attention to detail and customer focus, helped me identify someone who I can confidently trust with my customers.

Kind regards,

Collin A. Bennett
