RE: Endorsement Letter for Dr Halina Krupa

I am writing this endorsement letter to express my utmost respect and appreciation for the outstanding services provided by Dr Krupa. As a fellow health and wellness practitioner, I tend to be very discerning in who I will entrust to engage with for my own personal energy work. She is a fantastic chiropractor of course; however, it was her shamanic energy work in which I experienced the most profound impact.

I visited Dr Krupa to help me to address an energetic blockage I was experiencing which I had not been able to identify the source or resolution on my own. She gently took me on a shamanic journey along with the application of several essential oils to assist. I felt the clean, sacred safe space she created which enabled me to open up as needed to gently address and uncover this blockage which turned out to be rooted in some childhood trauma.

Though the single treatment didn't resolve the issue in its entirety, it set me in motion to unwind and resolve this in a timely fashion moving beyond being 'stuck' and 'perplexed'.

Now months later, I have completed my healing process around this issue and am thankful for her critical collaboration in this. Being in the holistic healing field myself, I am thankful to have someone who is so gifted and skilled as a healing facilitator to call upon for assistance in my own work, as well as to refer my clients to for additional complementary help in their healing journeys.

I highly recommend working with Dr Halina Krupa for holistic health and healing.
