Dr. Krupa,

I just wanted to take a moment to sincerely thank you for the care and support you've provided since my car accident.

Being in a car accident for the first time since moving to the U.S. was overwhelming, but your willingness to fit me into your schedule the same day made all the difference. From that first visit, you were clear, compassionate, and incredibly knowledgeable—offering immediate recommendations to help me start recovering both physically and mentally.

Since then, I've truly appreciated how intentional you've been with my care plan. Your regular check-ins and attention to detail haven't gone unnoticed, and they've given me peace of mind through a process that could have felt very uncertain.

Thank you again for going above and beyond. I'm so grateful to be in your care.

Yours faithfully,
