BreatheEZ Carpet and Duct Cleaning

Dear James,

I'm writing to provide my official endorsement for you as an expert in carpet cleaning. As your client, I can attest to your skills, credibility, and professionalism.

As your website states, you provide safe, chemical-free carpet and duct cleaning to reduce allergens, and remove carpet and rug stains.

We have two large dogs, and one of them is 13 years old. He struggles with incontinence which makes keeping our carpet clean a huge challenge! Breathe EZ was so easy to schedule with, and they did an excellent job!

I know that your services can benefit any homeowner wanting a cleaner environment!

Thank you!
