

UP UP AND AWAY
JUNK HAULING

June 20th, 2025

To Whom It May Concern:

I'm writing to highly recommend Konstantin Lozovyi and his team at KL Plumbing. They recently repiped my mom's house, and their work was truly exceptional from start to finish. Konstantin and his team are clearly all about professionalism and quality.

Repiping can be a messy job, but Konstantin handled it with amazing efficiency and respect for the house. Their team was super clean, always tidying up and covering everything. What really stood out was that after the plumbing was done, they fixed all the sheetrock and even painted it, making everything look brand new. When I went to do a paint touch up for my mom in another area of the house, I found a new paint can in the perfect color with Konstantin's name on it in the service closet. That kind of complete service is hard to find!

The plumbing work itself is top-notch, and my mom is so relieved to have a modern, reliable system now. Their attention to detail and commitment to a perfect finish really impressed us.

Given their excellent work, cleanliness, and comprehensive service, I absolutely recommend KL Plumbing for any plumbing needs, especially big jobs like repiping. I have used Konstantin on numerous occasions and, like always, he went above and beyond for my mom, and I wouldn't hesitate to hire them again and I will refer all of my friends and family to Konstantin and KL Plumbing.

Sincerely,

Taylor Chastain
