To Whom It May Concern:

I'm thrilled to recommend Stefan Delay and Stefan's Proscapes. Stefan is truly a master of all things landscaping, and I've seen his incredible work firsthand on multiple occasions. He's always professional, efficient, and a real pleasure to work with.

One time, my team accidentally bumped into my client's retaining wall with our junk truck. It was a bit of a mess, and we needed it fixed fast. Stefan came out within 2 days, assessed the damage, and had the wall looking as good as new in no time. His quick response and excellent repair work really saved the day and kept my client happy.

Stefan also transformed my own backyard! It used to be a muddy, unusable space after any rain. He installed a French drain, and now it's completely dry and a fantastic area for my family to enjoy no matter the weather. It's amazing how he turned a persistent problem into a functional, beautiful part of my home.

Stefan's expertise in landscaping, from urgent repairs to major drainage solutions, is simply unmatched. He is always happy to help and delivers fantastic results every time. For any landscaping needs, big or small, I highly recommend Stefan Delay and Stefan's Proscapes.

Sincerely,

Taylor Chastain
