

## Letter of Recommendation

I'd love to recommend Greg Jordan with Fish Window Cleaning. Greg came highly recommended and I recently had the opportunity to use his company.

Fish Window Cleaning was flexible in meeting my schedule. The company representatives arrived promptly and were courteous and professional. They cleaned the inside and outside windows and the glass on the doors.

The windows and doors look great! I truly appreciated the attention to detail and the ability to work with my tight schedule.

What makes Fish Window Cleaning stand out is their ability to understand my needs and the friendly demeanor and professionalism of their representatives.

Although I just used their window cleaning service this time, I was glad to know they do pressure washing and gutter cleaning.

I will definitely be using Fish Window Cleaning again!
