Dear Chris:

I just want to say "Thanks" for reacting so quickly on a Termite Clearance Letter for one of our recent Real Estate closings. It was a complex closing and this contingency was one of the final remaining obstacles to be cleared, and you did it quickly and efficiently.

Not only was I impressed, but the Listing Agent was equally satisfied with your professionalism, expediency and fair price. That is all a good winning combination.

Please rest assured that I will be recommending your services to my Agents and additional clients in the future.

Sincerely,

A handwritten signature in blue ink that reads "Patrick K. Comeaux". The signature is fluid and cursive, with the first name being the most prominent.
