

To Whom It May Concern:

I highly recommend Carly Harrington and Floor Coverings, International!

I needed to replace all the floors on the lower level of my townhouse – entryway, kitchen, dining room, living room and powder room. My new floors look amazing, and they did such a great job from start to finish. I first met with Carly and Miguel in my home to discuss my needs and ideas. They were so helpful and brought samples of flooring so I could see what it would look like in my home. They took the time to answer all of my questions and explain the process. They even offered financing of 0% interest for one year.

Customer service was top-notch from scheduling the initial appointment to the installation. They kept me informed on the progress and were prompt with everything. The installation crew did a great job and even finished the whole project in one day – far exceeding my expectations.

It is so refreshing to work with a company built on honesty and integrity. I know I will use them for any and all future projects in my home. I give them 5 stars!!!
