As the owner of **RC Chiropractic & Personal Injury Centers**, I am consistently seeking to build strong, long-term business relationships with personal injury attorneys—relationships grounded in professionalism, reciprocity, and genuine trust. These types of strategic partnerships are absolutely essential to success in the personal injury space.

Upon meeting **Thomas Freese**, I shared my goals and the types of connections I hoped to build. Thomas immediately understood my needs and recommended that I join the **PowerCore referral group**. After joining, Thomas personally introduced me to several personal injury attorneys, and these direct introductions have resulted in a meaningful influx of new patients and substantial revenue growth—**increasing my personal injury profits by approximately 30%**. This growth has allowed my clinics to invest in new equipment, expand staff, and ultimately provide an even higher level of care to our patients.

Thomas has a rare talent for connecting like-minded business professionals and facilitating relationships that lead to real, measurable success. His selfless approach and sincere interest in helping others succeed are a testament to the strength of his character and the effectiveness of his business, **Pinpoint Local (Norcross, GA)**, which specializes in online marketing solutions for businesses of all sizes, with a particular focus on helping small business owners like myself.

I highly recommend Thomas to any professional looking to grow their network, strengthen their marketing efforts, and develop meaningful, results-driven business relationships.
