Michelle Hibbert
Wellness Adventures Worldwide

Michelle, when my wife and I wanted to schedule a trip to Italy to celebrate our 30th wedding anniversary, we knew one thing. We needed help! Having very little international travel experience, it was important to find a travel agent with experience and advice to make the most of our limited time and budget.

You were wonderful! Meeting with us in person to review our likes/dislikes, types of preferred activities, food, beverage and hotel preferences. It seemed you knew every detail. With our budget and collected data in hand, you compiled an extensive itinerary that easily exceeded our expectations and was available to us 24/7 on a phone app we used extensively throughout our trip.

Your vast travel experience and familiarity with vendors and geography was a real help during our trip. When, while in Italy a train strike nearly “derailed” a portion of our trip, you found an alternative arrangement in the middle of the night (given the time differences) so none of our scheduled travels were interrupted. A huge save!

I heartily recommend Michelle Hibbert & Wellness Adventures Worldwide to anyone or any company looking to take the time & stress out of planning future travel.

Respectfully,
