I believe Brandon Saurine cares more about my roof than I do...

I had been looking at my damaged shingles since late Autumn and knew it had to be fixed. After all, we're talking about the literal roof over my head! There were many roofers who marketed their services throughout my neighborhood, but I don't know them, and don't plan on climbing up to my roof to check their work.

After several weeks of informative and interesting infominutes by Brandon, I knew he was the guy to hire. Now to be honest I generally understand about 50% of the technical words he uses to explain the intricacies of roofing. However, he is 100% effective at communicating his attention to detail, and his passion for roofing done right.

I am so relieved to have my roof repaired and Brandon's contact information for future roofing needs. And I enthusiastically endorse him for yours.

Sincerely,  
Richelle Bryan, EA, CTRC
