Dear Curtis,

Thank you! Every year for the past 5 years I've had to make decisions about which of the multiple confusing Medicare Advantage plans will best suit my needs and my budget. Thankfully, every year you have provided me with necessary information, expert guidance and calm, professional assistance to help with my decision.

I didn't want to continue with the plan I had used for the past couple of years because they ticked me off with some fine print shenanigans. Fortunately, you introduced me to a new option: Devoted Health Plans. Already I'm "hopelessly devoted" to this company for the flexibility with choice of doctors, low copays for both in- and out-of-network services and especially their budget boosting perks! I get \$92 per month on my Food and Home Debit card to spend on utilities and groceries, plus \$100/quarter for Over-The-Counter needs. Those amounts are doubled for the Loud House, because Ken has the same plan!

I'm also "hopelessly devoted" to you, Curtis, as the best Medicare Broker I know. I highly recommend you to friends and family for all of the reasons cited above.

With gratitude and respect,

Linda M. Loud
