I highly recommend Brandon Saurine and Saurine Construction for all of your construction needs. Brandon was responsible for fixing my home when I most needed it. My wife, son and I had been renting or home for almost three years when our landlord gave us the option to buy our home. The neighborhood is great but there was a big problem. The bank would not approve our mortgage unless wood deck repairs were completed.

To make matters worse, we had two weeks until the closing date to get the repairs done or the deal could have fallen through. That's when I called Brandon.

Brandon came out immediately to look at the scope of the work that needed to be done. He got a crew out to our house and repaired our deck within 72 hours. It was the fastest start to finish construction work that I have ever had. The bank approved Brandon's work without reservation after a two-minute re-inspection. This allowed us to stay in our home and still have our closing on time.

Brandon is prompt, transparent, and efficient. He provides transparent pricing. He lets you know what work needs to be done and why. The fact that he does a great job of communicating with his customers is why I would never hesitate to bring him out to my property to fix something else.
