

Jim,

I wanted to take the time to thank you for years of great customer service. When I decided to setup a payment portal I had not anticipated the ease with which such a configuration could be accomplished. We have run for three years with 0 issues and it is past time to thank you for the setup, support, and hassle free operation you provided to my business.

I will continue to recommend your services to businesses as a pain free setup, an easy to use interface, and clear and concise monthly reconciliations that never left me wondering where my credit card payments went or how much they cost my business.

Thank you for your dedication to your customers!

Sincerely,
