

To Whom It May Concern,

It is my pleasure to provide this endorsement for **Shawn McCabe** at **iTHINK Financial**.

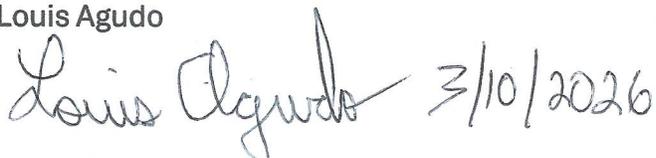

After hearing Shawn speak many times about the value of personal banking, I finally became a member—and I am so glad I did. Shawn has clearly shown me why her credit union is different through her focus on accessibility and personalized service.

During my transition, Shawn's support was exceptional:

- **Seamless Onboarding:** She personally guided me through the membership process.
- **Team Support:** She introduced me to her colleague, Jasmine, ensuring I always have a point of contact.
- **Smart Advice:** She helped me open a checking account that earns **7% interest** on the first \$3,000 deposited.
- **Immediate Help:** When I needed contracts notarized on short notice, she handled it instantly.

If you are tired of "faceless" banking institutions, I highly recommend visiting Shawn at **1009 Mansell Rd, Roswell, GA**. She is professional, personable, and will completely change your perspective on what a banker can do for you.
