Lou,

You and your team did an incredible job and were a crucial part of Bre and I buying our first home in May of 2016. As promised, your service and professionalism were top notch. The seller was late, but you sat with us until they arrived and then took the time to walk me through each part of the closing documents. I am very detail oriented and like to know exactly what I am signing, and you were kind enough to indulge me. The service did not stop upon closing though. I needed a few documents and had some questions a few months later and your team remembered me and immediately sent everything over.

Mark Chase referred me to Jim Duelmer and then to you, so I immediately trusted the referral. What I didn't expect was that you would out perform what Mark and Jim had said. I have since joined PowerCore and have seen you consistently provide the same level of service to each client. As a result, you will be the only resource that I use personally and the only referral that I offer to my network.

Sincerely,

Brock Cline
