Melissa:

Thank you for taking care of my family's 3 dogs while we were traveling out of the country. We asked for you to visit our pups 3 times a day, for 8 days, and you were able to do it on short notice *and* over a holiday week.

When you are with them, we have complete confidence they will be safe, fed, and loved. We have now hired you for 3 trips and each time we have been 100% satisfied. It is always a breeze arranging logistics with you and using your website to submit the request.

One of the best features about your business is the pictures and videos you send with each visit. Not only are there more than anyone can ask for, but they give us peace of mind seeing how comfortable and happy our dogs are every time you visit.

When I plan trips for clients out of the country and they need pet sitting, I highly recommend they contact you to watch over their pets.

Regards,

Kevin Flink
