Rhonda,

It's time that I recognize not only the great work you did on our updated website, but to also thank you for the work you have performed for my customers. I know that when I refer you to my customers that they will be well taken care of and will call me to thank me for your work.

My company website looks fantastic and I have several comments on its new design from customers and friends alike. I have proudly told them who designed and built the site, so I think you can look forward to more referrals from in the future.

Thank you,

Jonathan Ongtingco, Pres.
