ENDORSEMENT LETTER

I am pleased to recommend Jeff Delaney with Alpha Insurance.

Jeff recently reviewed the insurance coverage for my family, and we were extremely impressed with the result. Not only was he able to help us obtain **better coverage**, but he also found a way to do it for **less money**. That combination is rare, and it immediately showed us the value of working with someone who truly understands insurance and takes the time to evaluate what his clients actually need.

Jeff was knowledgeable, responsive, and easy to work with throughout the process. He explained our options clearly, asked questions to make sure he understood our property and our needs, and helped us feel confident that we were making a smart decision for our family.

I have already recommended Jeff to a close friend, who is now also one of his clients. Jeff provided her with the same excellent service he provided to us, which only reinforced my confidence in recommending him to others.

I highly recommend Jeff Delaney to anyone who wants an insurance professional who will look carefully at their coverage, search for better options, and help them protect what matters without overpaying.
