If you live near Atlanta
you've probably heard
of Trust Dale services
for various work.

I live near Atlanta
and I'm glad that I've found
a certain Dale's plumbing--
I stay on his rounds.

He's strong and he's quick.
He's friendly and funny.
He installs and he fixes
without wasting my money.

He's thoughtful and neat--
it all looks so precise.
He surpasses complete;
want to take my advice?

Add this Dale to your list
of workers you trust....
and if you need a plumber
this guy is a must!

Hello Dale, it's me again, your East Cobb fan club-- DeeDee! By the end
of this decade I will probably be able to publish a trilogy of these
poems. Thank you for always getting us out of a jam or as they probably
say in your business, a "tight pipe". :-)

You are our household hero, DeeDee Pennartz
