ePresence

8097 Roswell Rd  
Building B  
Roswell, Ga. 30350

Dear Mr. Galvin,

I want to thank you for the guidance that you gave my wife in setting up her LinkedIn profile. When she started working with my company as our lead Pilates instructor, it dawned on me that she had never set up a LinkedIn profile. I recommended that she take the webinar that you were hosting that focused on building a robust LinkedIn profile and that she did! She has since been receiving tons of hits on her page and has really enjoyed the process of building her brand on the social media platform.

She learned a great deal about posting content, optics of the profile picture, and how to structure her profile to fit the algorithm that would give her the greatest potential for success on this medium. The best part was, this was all for less than \$40! I couldn't believe what she was able to take away from a 1hr webinar as a new user to the interface.

Thank you for helping her to increase her "ePresence" in such a user-friendly way. You really have a way of simplifying the process and making it fun all while still maximizing results.

Best Regards,

**Blake Hampton, PT, DPT**
