Dear Scott:

It is my sincere pleasure to write this endorsement letter for the services you provided to my husband and me as we prepared to sell our home, created the listing to put it on the market, and then moved through the sales process.

We have owned and sold five other homes. I have to say you are head and shoulders above any previous realtor with whom we have worked. Your years of experience, knowledge of the market, dedication to your clients and patience were assets throughout the process. Thanks to your guidance, our home was under contract in less than 24 hours – wow! We could not have done it without you, truly.

We would be happy to recommend you to friends, family and colleagues. We know you would do as well for them as you did for us because you genuinely care about each client and each transaction. Your personal integrity shines through each interaction, each discussion, every step and every page signed, and we thank you.

While we have relocated to Florida, we hope to keep in touch. Happiest of holidays to you and your family. Thanks again, Scott!

Best regards,
