Dave,

Thank you so much for the care and consideration you put into every roof I ask you to step on.

The integrity in which you display is unmatched in your industry. Recently when I asked you to visit a property- they had been told by another roofer it would be a month before they could have their roof leak diagnosed. As normal- you made this client your top priority and visited them in less than 24 hours of me contacting you.

You arrived on the scene- diagnosed the issue and provided steps to rectify the water intrusion.

Thank you for replacing roofs for my father-in-law, brother-in-law and my clients. Thank you for repairing my roof and several others for my insureds and friends. Lastly, thank you for walking countless roofs determining there is no damage- despite not making a penny on the inspection.

"Glorify God and help others in all that we do"- this is the mission statement of Roofing Done Wright. Anyone who has had the opportunity to work with you knows this is also the mission statement of your heart.

You make the Tim Monihan Agency LLC look good for referring you to our insureds, friends and neighbors.

Sincerely,

A handwritten signature in black ink, appearing to be "Tim Monihan", with a long, sweeping horizontal line extending to the right.
