Dear Mr. Ragin,

When I came to you a little over a year ago with a 3-day timeline to get insurance coverage for a car that I was going to purchase, I never expected the service I was about to receive. Not only did you manage to get me a great full coverage policy for both my new car and my wife's existing cars, you took care of everything with the bank that was brokering the loan. Even a year later when they had the wrong policy number and sent me an inquiry, one quick text to you and it was taken care of next day.

But the service didn't stop there. You also checked in to my home owners insurance policy and found some gaps in the existing coverage that I had and made a potentially life changing recommendation when you explained the umbrella policy that I should have also had to protect my assets. Now that I have everything bundled with you, I have the peace of mind that all of my assets that I have worked hard for are adequately protected for not much more than I was already paying.

Thank you for striving to take the extra steps necessary to protect your clients. I look forward to recommending you to my friends and cliets that are looking for knowledgeable, trustworthy, and caring insurance broker.

Best Regards,

**Blake Hampton, PT, DPT**
