To whom it may concern:

We would like to enthusiastically express our appreciation for artist Amanda Walker with Moo on You. She painted a portrait of our sweet cat Layla and we are so pleased with the job that she did. She was able to capture Layla in the position we requested and did an excellent job of exactly matching her coloring. She kept us updated along the way with in-progress photos and completed the portrait in only two weeks. We love the 8X10 size of the portrait because it can be displayed in a variety of places.

Amanda was so caring during the process and we could feel she understood how important our cat is to us. Because of the coronavirus restrictions, she made the effort to bring it to our home when completed. We really appreciate that extra touch.

If you are looking for someone to do a beautiful portrait of your pet at an affordable price, we highly recommend Amanda. We cannot thank her enough!

Karen Armstrong & Mark Thomas
