Dear PowerCore,

Recently we lost our dear Tess due to an unexpected illness. Tess was a loving dog that had many nicknames due to her wonderful personality.

When Amanda Walker subbed on our team, she mentioned her artwork with animals. I decided to commission Amanda to draw a picture of Tess from our past pictures.

The idea was to finish the project before my wife, Nancy's birthday.

I presented the picture to Nan on her birthday and she was thrilled. We now have a wonderful oil painting of Tess expressing her love for us.

Thank you, Amanda! You are a true artist.

Regards,

Curtis L. Turner III
