Dear Mokwang,

When I said I wanted new headshots you sent me a detailed email about your process the same day.

When people compliment me on my new headshots, it's my privilege to say "Mokwang did that!"

Voice

I liked that.

404-816-3377

You included three pricing options.

I appreciated that.

Web

You followed through with details about how to prepare and what to wear and scheduled an in-person consultation.

PowerCore.NET

I understood that.

Your studio was professional, comfortable, and complete.

I valued that.

You told me which shots to pick, and where to use each of them. (One is for LinkedIn, one is only approved for email to people who know me.)

I enjoyed that.
