Dear Kevin,

I want to thank you so much for your help and professionalism when I needed new business photographs. I had not had photographs taken for my real estate business in over 7 years. Needless to say my photographs had become very outdated.

I appreciate the time you took to prepare for the photo shoot, provide an excellent makeup artist and give suggestions about appropriate wardrobe choices. You took so many more photos than I expected and worked tirelessly to get them perfect. You were even willing to navigate rush hour traffic to come to my home to do some natural shots of me doing my everyday real estate functions. I do not know anyone in my industry that has such an appealing and varied set of photos to use for marketing. I have received countless compliments on the photos from agents in my office as well as from customers who receive my marketing materials.

To top off the project, you took the time to make sure I understood how to download the photos at different resolutions and even came to my office to go over the process with my assistant. I could not be happier with the photos and my whole experience with Kevin Ames Photography. I wish you the best in the future and will continue to pass your name on to other realtors who too may need new business photos or other photography services.

Sincerely,

Karen Armstrong
