To PowerCore:

Mo Lima, CPP with Mo Lima Photography, LLC is a reliable source for headshots for websites, LinkedIn, and social media.

My personal experience was a professional approach to taking pictures in a relaxed atmosphere. Her suggestions on how to produce the best pictures for me were excellent.

As her website says, Mo's personal branding captures your unique spark which makes you remarkable.

I would recommend Mo to anyone looking for a picture of themselves for business or professional purposes.

Sincerely,

Curtis L. Turner III
